Roca

BAIA
ARMANI / **Roca**

The peace of mind of trust

Throughout its history, Roca has combined the essence of a family legacy with the unique personality of its home town, Barcelona. Close and international, cosmopolitan and creative, Mediterranean and European; it inspires the day-to-day running of the brand, concluding its connection with the best design and being present in important projects and emblematic buildings such as the magnificent Al Maryah Island Hotel in Abu Dhabi, the National Aquatics Center in Beijing, the innovative Design Museum in London or the reputed Cocina Hermanos Torres restaurant in Barcelona, among many others, positioning the company at the forefront of design in the bathroom space.

This combination of European design linked to the commitment to service that has been an essential element of our DNA throughout the years, drives us to offer customized solutions to meet the needs of our clients and always get involved in all their projects.

EVERYTHING IN Bathrooms

2020

In life, any great impetus requires a point of support. At Roca, we have spent more than one hundred years laying down the foundations for comfort in the bathroom space, decades growing alongside families in the design and layout of their homes. Based on this and on our experience, today we are capable of taking a step further to present a range of evolved products that will improve your bathroom experience.

As our past has prepared us to face the future, today we offer new materials and technologies that will revolutionize your bathroom space, making your life easier: a new generation of In-Wash®, which incorporates the ergonomics of a WC without cistern; materials such as Senceramic®, which add antislip properties to the hygienic vitreous china or color coverings, such as Everlux, that provide a touch of sophistication and guarantee the maximum resistance and durability in our faucets.

As our past has prepared us to anticipate your needs, today we offer you the possibility of adapting your bathroom to your view of the wall. Thus, in different colors, finishes and styles, we put endless combinations, collections and products at your disposal to create a unique environment.

In this edition of Everything in Bathrooms we invite you to join the great evolution of the bathroom space. We invite you to make all these innovations your own and to reaffirm your values while adding your personal touch in every detail. The future challenges are very present now and we at Roca are once again thrilled to accompany you on this trip.

tionize throom

From incandescent light bulbs to LEDs, from gas stoves to induction cookers, from roll-up shutters to home automation. Over the years, household products and solutions have evolved to offer increased performance and improve the quality of life of people.

During all this time, bathrooms have also undergone significant changes. We invite you to discover them.

In-Wash[®] with In-Tank

A smart WC with integrated cistern. All-in-one

If you had already joined the hygiene revolution with In-Wash[®], now Roca takes a step further by integrating the cistern into the bowl. This evolution greatly simplifies the installation and maintenance process, saving space, improving the aesthetics and increasing the design possibilities in bathroom spaces.

In-Wash®

In-Wash® with In-Tank

In-Wash[®] with In-Tank

Space-saving

These models are the ideal solution to optimize space in the bathroom, as the tank, either installed on the bowl or as a built-in option, is removed.

Easy installation

As they do not require a cistern, it is not necessary to do any work like in the case of built-in systems, which makes the installation process significantly easier.

Integrated tank

These new models do not require the installation of a cistern, neither conventional nor built-in, as the water tank is integrated in the bowl.

Tempo accessories P.127 / Abbey wall tiles / Mystery floor tiles P.141

Rimless technology by Roca

Better design, greater hygiene

We do not usually look inside a WC. However, one of Roca's latest innovations can be found there, in the design of a new rimless bowl with a smooth and fully accessible inner surface to make cleaning much easier.

Conventional WC

WC with Rimless
technology by Roca

Rimless technology by Roca

Easy cleaning

By removing the channel where the flushed water flows, the inner walls of the bowl are uniform, with no nooks or gaps where dirt might build up.

Enhanced flush

Roca's Rimless technology features a new water distributor that propels a stronger flush, spreading it homogeneously throughout the entire bowl.

Larger clean area

The new design of the bowl includes a slight upper ridge that allows water to flow upwards, cleaning the entire surface, above the standards required by the European Union.

Splash-free

Both the design of the bowl and the water propulsion system have been conceived to achieve a maximum efficiency flush, preventing water from splashing outside the bowl.

Senceramic[®]

Ceramic as always. Properties like never before

After spending one century perfecting vitreous china, Roca is considered an expert. And as only those mastering the technique can be leaders in innovation, we have been capable of creating a new generation of ceramic shower trays that greatly enhance the qualities of this material.

Traditional vitreous china
shower tray

Cratos shower tray
manufactured in Senceramic®

Senceramic®

Antislip

Its textured surface guarantees the highest antislip levels while at the same time offering a very natural sensation, which is pleasant to the touch. Qualities never seen before in the design of shower trays manufactured in vitreous china.

High resistance

As Cratos shower trays have the same properties as any vitreous china product, they are exceptionally resistant to wear and tear and abrasion, allowing for the product to remain in good condition over time.

Easy cleaning

The zero porosity of vitreous china prevents the absorption of water and therefore, the proliferation of humidity and bacteria, improving the level of hygiene and making cleaning easier.

Extraslim

Cratos shower trays have an extremely slender and extraslim design that allows its floor-levelled installation, providing a perfect integration with the bathroom floor.

Everlux and Cold Start

Enhanced sophistication, greater savings

Due to their reduced dimensions and traditional chrome plating, faucets are usually one of the bathroom elements that go unnoticed. Until today. Discover a new and exclusive highly resistant covering that will be the center of attention, and do not forget to complement this innovation with the new Cold Start technology, which will allow you to save energy without even realizing it.

Naia faucet with Cold Start

Naia faucet with Titanium Black
Everlux finish and Cold Start

Everlux

Durability

This final layer of metals with great hardness and thickness uniformly settles on the faucet resulting in a surface that is highly resistant to scratches and cleaning agents.

Sustainable

As this is a purely physical technique, there are no harmful chemicals involved in the production process of this finish, being environmentally-friendly.

Sophisticated finish

The elegant and refined Titanium Black finish enhances the faucet design, bringing an air of exclusivity to the space.

Naia faucet P.91

Cold Start

Energy-saving

The front opening for cold water forces users to turn the lever to the left to gradually obtain hot water.

Aesthetics

The opening to the right is restricted, allowing the handle to be perfectly aligned with the spout, improving the overall aesthetics.

to mize throom

Recent studies show that if we feel at ease with the spaces that surround us, our happiness increases and so does our energy. For that same reason, it is important to choose the elements that will make up the setting and decorate the rooms we live in. We invite you to be inspired by a world full of colours, materials and styles to help you design a bathroom that makes you happy.

Find your own space

There comes a time in life in which decisions have to be made. It is a time when half-measures are no longer acceptable nor is it possible to maintain an impasse. A time when everything needs to be in place and we need to find the right place for all our belongings. It is then that we need order, safety, comfort... When that time comes, you need to count on someone that guarantees it will be so. Discover the wide range of Roca bathroom furniture, a guarantee of quality for more than 100 years.

Configurable nature

Changing, experimenting, never taking anything for granted. And as good things can evolve to get even better, **Storia** is a configurable bathroom furniture unit with modules you can choose and combine to suit your needs.

Combine them as you wish

Vanity basins manufactured
in Surfex® or over countertop
basins in Fineceramic®

Option of installing
the base unit against
a side wall

Storage with full
extraction drawers,
doors and/or shelves

Exclusivity and design

Non-conformists always lead the way. For those who stay ahead of the curve, **Beyond** reinterprets the bathroom furniture concept with an exclusive performance and urban design.

Possibility of choosing a basin in Surfex® or Fineceramic® in different types of installation

Available in a length of up to 1600 mm and a spacious depth of 500 mm

Storage option with full extraction drawers or combined with side door

Timeless elegance

A vintage spirit and noble materials for a furniture unit between two worlds. **Carmen** is capable of bringing together the elegance of the past and the practicality of the present in a timeless solution with a touch of nostalgia.

Vintage faucet to match the style of the furniture.

High-quality materials such as vitreous china, wood and marble

Trendy satin finishes

Carmen base unit P.71

Stylish minimalism

Minimalistic elegance to suit those who seek the perfect balance. Simple shapes and exclusive finishes are the key elements of **Inspira**, a furniture unit with an excellent design.

Fineceramic® basins available in three shapes -Round, Soft and Square- and in different installation options

Full extraction drawers with soft-close system

Exclusive finishes such as textured City Oak with dark mirror

Inspira base unit P.72

Smart storage

There are people whose lives revolve around tidiness and order. People who find a space for every object and for whom every space has its reason to be. **Prisma** is a furniture unit conceived for smart storage.

Prisma base unit P.75

Simple practicality

When life is perceived from its essence, simple shapes and total functionality become the new stars. **The Gap** puts design at the service of everyone with a modern furniture unit with different configurations and outstanding practicality.

Finger pull handle matching the finish of the furniture unit, soft-close drawers and textured interior

Storage options with drawers or combined with a side door

Available in a wide range of standard and compact dimensions

Storage capacity

As no one said you had to choose, **Lander** is the furniture unit for those who struggle between the heart and reason. Elegant design and high storage capacity for 100% modern homes.

Optional asymmetrical basin with countertop on both sides

Floor-standing design with a waterproof wooden base

Drawers that are larger than usual with soft-close system

Combine as you wish!

You have found the perfect combination. Step by step, you have written every chapter of your life and finally, the time has come for you to feel different to anyone. For those whose decisions always reflect their character, who consider every movement, Roca has developed an array of textures, colors and finishes to allow them to create their own magic formula. Classic, urban, irresistibly modern... As only you are aware of the things that define and represent you, turn the page and discover new combinations to create your 100% tailor-made space.

Beyond bath P.123 / L90 bath faucet P.89 / Naia shower faucet P.91 / Stella Stick hand-shower P.101

Give free rein to modernity

The challenge of conventions is often rewarded with originality. Colours and shapes dance creating opposites, experimenting with the impossible. The result are charismatic bathroom spaces where nothing is taken for granted.

Reinvent terrazzo...
even on the wall!

Choose faucets that highlight
the basin area

Create a sophisticated environment
with a base unit in a dark mirror finish

Customize your bathroom with a
WC in full color matching all other
elements

Choose vitreous china shower trays
in color and with antislip texture

Surrender to the comfort of a shower column

Wall-mounted faucet, shower-head and hand-shower with height-adjustable bracket, all in one.

Deck-T shower column

Discover this model which includes a practical shelf to have all your toiletries close at hand.

P.109

Shower kit

If you are searching for something simple and convenient, shower kits are your thing. Their height-adjustable bracket allows you to adapt the hand-shower to your needs.

P.100

Urban elegance

Unique materials and striking shapes star in exclusive interiors with an urban spirit. Details, textures and innovative finishes rediscover the shapes of objects and turn design into an art.

Choose a faucet that resembles a work of art

Treat yourself to a Smart Shower and enjoy a dreamlike experience

Go for it! Totem basins leave no one indifferent

Cover your walls with tiles inspired by marble and obtain a unique enveloping effect

Enjoy a water cascade with a large-sized shower-head

Decide whether you wish to build it into the ceiling or use a support arm to install it and add a touch of color with the RainSense models available in Titanium Black.

RainSense P.102

Choose a multifunction hand-shower

Plenum Go

Choose this model with reduced dimensions and integrated button to select a shower function with just a click.

P.100

Classic innovation

The past makes a comeback with a hint of the present. The nostalgia of old times can be found in interiors that dare to experiment with colors and textures, in line with creativity.

Surrender to the vintage charm of twin-lever faucets

Add an innovative touch with a mirror with perimeter light

Provide an exclusive space for the bath

Counterbalance dark hues with a light porcelain floor

**Maui Round****Maui Square****Mix different styles**

Choose a Maui Round or Square bath to provide more personality to your bathroom. Manufactured in Stonex®, its soft touch will not leave you indifferent.

Hot / Cold water selector

1 outlet

2 outlets

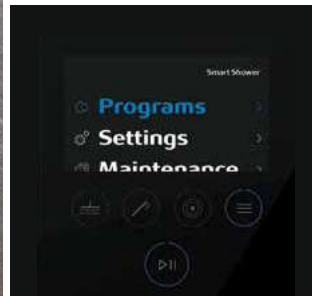

Smart Shower

Warm-up

It pre-heats the shower at the desired temperature by activating all its water outlets at the same time, letting cold water flow until the pre-set temperature is achieved.

Programs

Set your preferences according to the time of day, automate the filling of the bathtub or activate child protection to ensure a safe shower.

Profiles

It installs and stores up to 3 different user profiles with their own temperature, flow rate and water outlet parameters.

App

It allows you to set up all options with up to 3 different user profiles, check your own consumptions and the record of warnings.
